| Where will this course take me?                                                                                                                                                                                                                                                                                                                                                                               |
| Geography is valuable A level and it is regarded as a facilitating subject by many Russell Group universities, these are subjects most commonly preferred. This is because geography has many transferable skills such as problem solving and critical thinking. A geography A level and degree can lead into many careers such as environmental sustainability, accounting, law and even the Prime minister. |

|                                                                                                                                                                                                                                                                                                                                                           |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Why should you study this course?</b>                                                                                                                                                                                                                                                                                                                  |
| There has never been a better or more important time to study A level Geography. Dealing with vital issues such as climate change, migration, environmental degradation, social issues and natural hazards, A level Geography is one of the most relevant subjects you could choose to study. It is a subject as rooted in ourselves as the earth itself. |
| <b>What are the entry requirements?</b>                                                                                                                                                                                                                                                                                                                   |
| In addition to the general entry requirements, you will need a grade 7 or above in GCSE Geography to study this course.                                                                                                                                                                                                                                   |
